DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on January 19, 2006 has been entered. Claims 1, 4-6, 9, 11, 14-16, and 19 have been amended. No claims have been cancelled. No claims have been added. Claims 1-20 are still pending in this application, with claims 1 and 11 being independent.

Allowable Subject Matter

2. Claims 1-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: The invention as now claimed, is not disclosed nor rendered obvious in view of the prior art of record. As to claims 1 and 11, the prior art of record fails to teach or suggest, alone or in combination, the recited method and network, in which the service platform collects information from the caller and transfers the collected information to an SCP, and the SCP then transfers the same information collected by the service platform to a first destination and to a second call destination. No prior art was found that discloses or teaches the limitations of claims 1 and 11.

4. Claims 2-10 and 12-20 are dependent upon claims 1 and 11 respectively, therefore claims 2-10 and 12-20 are allowed.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
